

A heatmap visualization showing the elasticity values between different cereal brands. The x-axis labels are CornFlakes, Cheerios, RiceKrispies, ToastedFlakes, RaisinBran, Total, NutCheerios, SpecialK, GrapeNuts, OnSizeShdWt, 100%Natural, and MiniWheats. The y-axis label is Elasticidade. A color scale on the right ranges from 0.0 (dark purple) to 4.0 (yellow). The diagonal elements show higher elasticity values, ranging from approximately 2.8 for CornFlakes down to about 3.6 for MiniWheats. Off-diagonal elements generally have lower elasticity values, mostly below 1.0.

	CornFlakes	Cheerios	RiceKrispies	TostadoFlakes	RaisinBran	Total	NutCheerios	SpecialK	GrapeNuts	OnSizeShdWt	100%Natural	MiniWheats
Elasticidade	~2.8	~3.7	~3.9	~3.2	~2.9	~4.0	~3.7	~4.0	~2.0	~3.5	~2.0	~3.6
